1. Product and Company Identification

Material name: YSI Dual Standard - Glucose and Lactate, All Concentrations
Version #: 01
Issue date: 15-January-2014
Revision date: -
Supersedes date: -
Product code: 2747, 2748, 7147
Manufacturer information:
YSI, Inc
1700/1725 Brannum Lane
Yellow Springs, Ohio 45387
MSDSInfo@ysi.com
(937) 767-7241
CHEMTREC (US/Canada) (800) 424-9300
CHEMTREC (International) 011 703-527-3887
(Collect calls accepted)

2. Hazards Identification

Potential health effects:
- **Eyes**: Health injuries are not known or expected under normal use.
- **Skin**: Health injuries are not known or expected under normal use.
- **Inhalation**: Health injuries are not known or expected under normal use.
- **Ingestion**: Health injuries are not known or expected under normal use.

3. Composition / Information on Ingredients

<table>
<thead>

</tbody>
</table>

4. First Aid Measures

First aid procedures:
- **Eye contact**: Rinse with water. Get medical attention if irritation develops and persists.
- **Skin contact**: Rinse skin with water/shower. Get medical attention if irritation develops and persists.
- **Inhalation**: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician if symptoms develop or persist.
- **Ingestion**: Rinse mouth. If ingestion of a large amount does occur, call a poison control center immediately.
- **General advice**: If you feel unwell, seek medical advice (show the label where possible). Show this safety data sheet to the doctor in attendance.

5. Fire Fighting Measures

Extinguishing media:
- **Suitable extinguishing media**: Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).
- **Unsuitable extinguishing media**: Do not use water jet as an extinguisher, as this will spread the fire.
Protection of firefighters
Specific hazards arising from the chemical
Protective equipment for firefighters
Fire fighting equipment/instructions

During fire, gases hazardous to health may be formed.
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Move containers from fire area if you can do so without risk.

Explosion data
Sensitivity to static discharge
Sensitivity to mechanical impact

Not available.
Not available.

6. Accidental Release Measures
Personal precautions
Environmental precautions
Methods for containment
Methods for cleaning up

Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of low areas. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. For personal protection, see Section 8 of the MSDS.
Prevent further leakage or spillage if safe to do so. Do not contaminate water.
Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible.
Should not be released into the environment.
Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.
Never return spills in original containers for re-use. For waste disposal, see section 13 of the MSDS.

7. Handling and Storage
Handling
Storage

Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with eyes, skin, and clothing. Provide adequate ventilation. Wear personal protective equipment. Wash thoroughly after handling.
Store in accordance with local/regional/national/international regulation. Store away from incompatible materials (See Section 10).

8. Exposure Controls / Personal Protection

Occupational exposure limits
Engineering controls
Personal protective equipment
Eye / face protection
Skin protection
Respiratory protection

No exposure limits noted for ingredient(s).
Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.
If contact is likely, safety glasses with side shields are recommended.
Wear suitable protective clothing. For prolonged or repeated skin contact use suitable protective gloves.
No personal respiratory protective equipment normally required.

9. Physical & Chemical Properties
Appearance
Physical state
Form
Color
Odor
Odor threshold
pH

Not available.
Liquid.
Liquid.
Clear and colorless.
None.
Not available.
6.5 - 7.5

Vapor pressure Equal to water.
Vapor density Equal to water vapor.
Boiling point 212 °F (100 °C)
Melting point/Freezing point Not available.
Solubility (water) Infinitely soluble.
Specific gravity Not available.
Flash point Not available.
Flammability limits in air, upper, % by volume Not available.
Flammability limits in air, lower, % by volume Not available.
Auto-ignition temperature Not available.
Other data
- Explosive properties Not explosive.
- Flammability (solid, gas) Not applicable.

10. Chemical Stability & Reactivity Information

Chemical stability Material is stable under normal conditions.
Conditions to avoid None known.
Incompatible materials None known.
Hazardous decomposition products No hazardous decomposition products are known.

11. Toxicological Information

Toxicological data

<table>

Acute

| OTHER | Rabbit | 35 g/kg |

Acute effects Not classified.
Local effects May cause temporary irritation on skin or eye contact.
Chronic effects Not expected to be hazardous by WHMIS criteria.
Carcinogenicity This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA. Based on available data, the classification criteria are not met.
Mutagenicity No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
Reproductive effects Based on available data, the classification criteria are not met.
Symptoms and target organs None known.

12. Ecological Information

Ecotoxicological data

<table>
<thead>
<tr>

</table>

Aquatic

| Fish | LC50   | Fathead minnow (Pimephales promelas) | > 100 mg/l, 96 hours |

Ecotoxicity Not expected to be harmful to aquatic organisms.
Environmental effects An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.
Persistence and degradability Not available.
Partition coefficient Glucose (CAS 50-99-7) -3.24
13. Disposal Considerations

Disposal instructions
Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Dispose in accordance with all applicable regulations.

Contaminated packaging
Empty containers should be taken to an approved waste handling site for recycling or disposal.

14. Transport Information

TDG
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

15. Regulatory Information

Canadian regulations
This product has been classified in accordance with the hazard criteria of the CPR and the MSDS contains all the information required by the CPR.

WHMIS status
Non-controlled
