Professional Plus
WATER QUALITY INSTRUMENT - SPECIFICATIONS
Professional Plus

The YSI Professional Plus is not a refinement. It came straight out of the imagination of our customers... and the ingenuity of a multi-disciplined team dedicated to making the ideal solution come to life. Our focus never wavered because listening to our customers is a continuous process, and the heart and soul of our commitment.

Designed to be tough and smart in the lab or field. And extremely versatile. The Pro Plus accommodates any combination of YSI Pro Series cables, sensors, and accessories. Want to measure DO in the field? Maybe pH/DO/Nitrate? Or perhaps you need it to be a lab instrument that measures BODs? Whatever you need...the Pro Plus is your choice.

**YSI Pro Plus.** The ultimate handheld sampling instrument.

**Tougher. Smarter. More Versatile.**
Rugged, durable field cable with a 2-year warranty standard

Backlit display AND keypad for use in true low-light conditions

The file system allows for a 100 folder and site list structure to store and easily manage 5,000 data sets

Adjustable right- or left-handed hand strap

Detailed on-screen Help function

Case is rubber over-molded to provide extra protection and prevent slipping; also allows for flat non-slip design on a table top and provides an IP-67 rating with or without the battery cover; 1-meter drop rated from all angles

MS (military-spec) connectors – rugged, waterproof, keyed, bayonet style quarter-turn lock

Multiple user-replaceable sensor options and a choice of galvanic or polarographic DO sensors

This symbol refers to a feature or benefit only YSI offers on a handheld instrument.
Tougher

Do your job with confidence even in the harshest field conditions. The drop-tested Pro Plus was designed tough with military-spec connectors, a two-year warranty on all cables, weighted sensor guards, and a rubber over-molded case with three-year warranty. Its interchangeable sensors and extra-durable cables nearly eliminate down time. And its low overall cost of ownership means you’re making a worthwhile investment for years to come.

The Pro Plus uses the rugged, IP67, Military Spec (MS) 1/4 turn lock, bayonet-style connector.

Quatro Cable
The multiparameter Quatro cable allows the measurement of temperature, conductivity, salinity, dissolved oxygen and any two ISEs - pH, ORP, ammonium, nitrate or chloride.

How Tough is TOUGH?
What a Come-back
A YSI customer accidentally dropped his Pro Plus off a 40-foot bridge into the river below. A week later, he and his team came back. Using a long pole to scrape the river bottom, they found the cable and then the meter. They were amazed to find that – after a week submerged in a muddy river bed – their Pro Plus still worked.

Not All is Lost
A YSI wastewater customer knocked a Pro Plus into an aeration basin. Seemingly lost for good, he reluctantly moved on. One year later, the tank was drained to complete minor maintenance. And there lay the meter. After a bit of cleaning, they turned it on. Not only did it work, but it’s still being used today.
Easy-to-install cable weights; can be daisy-chained for additional weight
Rubber, over-molded IP-67 waterproof case (even without battery cover)
3-year instrument warranty
2-year cable warranty
Rugged cables, sensors, and military-spec connectors
Drop-tested 1 meter at all angles
Scratch-resistant lens; viewable with polarized glasses
Instrument floats
Weighted, user-replaceable multi-sensor design

This Pro Plus was dragged nearly half a mile down a gravel road off the back of an ATV. They dusted it off and turned it on.

Cable Options
(order ISE and DO sensors separately)

Single Parameter Options
60510 - ISE (pH, ORP, pH/ORP, ammonium, chloride, nitrate)*
60520 - DO (galvanic, polargraphic)**
60530 - Conductivity/Salinity (sensor included)

Single Parameter Options with Conductivity (included)
6051030 - ISE/Conductivity
6052030 - DO/Conductivity

Dual Parameter Options
6051010 - ISE/ISE
6051020 - ISE/DO

Multiparameter Options
Quatro - ISE/ISE, DO/Conductivity

* Choice of ISE; pH, ORP, pH/ORP (not recommended on the 6051010 or Quatro cables)
Choice of ISE; Ammonium, Nitrate, or Chloride for fresh water only
** Choice of DO; Galvanic, Polarographic
Choice of cable lengths: 1, 4, 10, 20, 30 meters all (up to 100 meters on 60520 only)
The technology-smart YSI Pro Plus has all the built-in support you’ll need for the lab or field. It provides multiple languages, detailed GLP data, on-screen Help to eliminate the need for a bulky manual, sensor diagnostics, up to six-point auto-buffer recognition, re-cal prompts, user-defined auto-stable function, and security passwords for extra protection. And much more.

FREE Data Manager Software
- Easy-to-use software to manage all your data studies
- View, print and export graphical and tabular data
- View and print GLP data
- Quickly configure one or multiple instruments
- Conduct real-time studies

The Lab Dock easily allows your field meter to be used in the lab with the ProBOD probe.
5000 data set memory

Free, Data Manager desktop software and ProComm II saddle

Interval or single-event logging

100 folder & site list data structure

Password protection

Detailed GLP data

USB connection also powers the instrument

6-point cal with auto-buffer recognition

User-adjustable auto-stable with prompts

User-upgradeable software via waterproof USB port

Recalibration prompts

Search function filters user-defined data information

The Pro Plus shown with the 605107 lab-grade pH sensor and the 605170 lab stand.

Lab Grade ISE
605107 - pH
605108 - ORP
605109 - pH/ORP
Choice of cable lengths: 1 and 4 meters

Self-Stirring BOD
605780 BOD
2-meter cable

BOD Analyst Pro software automates BOD testing.

Cable Options Laboratory

All field cables can also be used in the lab and are ideal to use with the 063507 tripod.

*Lab-grade cables include 605107, -108, -109, 605177, -178, -179  ** Derived parameters can include resistivity, salinity, specific conductance, and total dissolved solids  ***ISE sensors for freshwater only; 17-meter maximum depth
Order Guide

Step 1: Order Instrument

- **Instrument 6050000** includes Data Manager software, the ProComm II communications saddle, and USB cable

Step 2: Order Cable(s)

All cables include temperature; cables over 1 meter include cable management kit; cables with conductivity include sensor (no need to order conductivity sensor)

- **60510**: 1, 4, 10, 20 or 30 meter: ISE/ISE/temp
- **60520**: 1, 4, 10, 20, 30 or up to 100 meters²: DO/temp
- **60530**: 1, 4, 10, 20 or 30 meter: conductivity/temp
- **6051010**: 1, 4, 10, 20 or 30 meter: ISE/ISE/temp
- **6051020**: 1, 4, 10, 20 or 30 meter: ISE/DO/temp
- **6051030**: 1, 4, 10, 20 or 30 meter: ISE/conductivity/temp
- **6052030**: 1, 4, 10, 20 or 30 meter: DO/conductivity/temp
- **605107**: 1-meter single junction pH sensor & cable
- **605177**: 4-meter single junction pH sensor & cable
- **605108**: 1-meter single junction ORP sensor & cable
- **605178**: 4-meter single junction ORP sensor & cable
- **605109**: 1-meter single junction pH/ORP sensor & cable
- **605179**: 4-meter single junction pH/ORP sensor & cable

Step 3: Order Sensor(s)

- **605202**: Galvanic DO
- **605203**: Polarographic DO
- **605780**: Self-stirring BOD (2-meter cable included)
- **605101**: pH (ISE)
- **605102**: ORP (ISE)
- **605103**: pH/ORP combination (ISE)³
- **605104**: Ammonium (ISE)
- **605105**: Chloride (ISE)
- **605106**: Nitrate (ISE)
- **605323**: Amplified pH Sensor (ISE)
- **605324**: Amplified pH/ORP Sensor (ISE)

1 ISEs include pH, ORP, Ammonium, Nitrate, Chloride
2 Special order cables in 10-meter increments up to 100 meter available
3 Not recommended on 6051010 or 605790 cables. Only pH would appear.
Step 4: Order Solutions

- **3167**: 1,000 µS/cm conductivity solution (8 pints)
- **3168**: 10,000 µS/cm conductivity solution (8 pints)
- **3169**: 50,000 µS/cm conductivity solution (8 pints)
- **3682**: Zobell, ORP solution (125 mL)
- **3824**: pH 4, 7, 10 buffers (2 pints each)
- **3841**: 1 mg/L ammonium solution (500 mL)
- **3842**: 10 mg/L ammonium solution (500 mL)
- **3843**: 100 mg/L ammonium solution (500 mL)
- **3885**: 1 mg/L nitrate solution (500 mL)
- **3886**: 10 mg/L nitrate solution (500 mL)
- **3887**: 100 mg/L nitrate solution (500 mL)
- **5580**: Confidence Solution® to verify pH, ORP and conductivity data (not for cal)

Step 5: Order Accessories

- **603059**: Flow Cell, Standard, 203 mL
- **603077**: Flow Cell Kit, 1- or 2-Port Sensor (includes 603059 & 603078)
- **606850**: Quatro Cable Flow Cell
- **603078**: Flow Cell Adapter, Single Port (used with 603059)
- **603056**: Flow Cell Mounting Spike
- **603075**: Carrying Case, Soft-Sided
- **603074**: Carrying Case, Hard-Sided
- **603162**: Carrying Case, Small, Soft-Sided
- **603069**: Belt Clip
- **063517**: Ultra Clamp
- **063507**: Tripod
- **603062**: Cable Management Kit
- **605978**: Weight, Sensor/Cable, 4.9 oz.
- **063019**: Weight, Sensor/Cable, 24 oz., 3”
- **063020**: Weight, Sensor/Cable, 51 oz., 6”
- **603070**: Shoulder Strap
- **626444**: Lab Dock, Holds Meter and BOD probe
- **605170**: Electrode Lab Stand

No tools are required to install the sensors.

Please visit YSI.com/accessories for more information.

**What can Xylem do for you?**

We’re 12,500 people unified in a common purpose: creating innovative solutions to meet our world’s water needs. Developing new technologies that will improve the way water is used, conserved, and re-used in the future is central to our work. We move, treat, analyze, and return water to the environment, and we help people use water efficiently, in their homes, buildings, factories, and farms. In more than 150 countries, we have strong, long-standing relationships with customers who know us for our powerful combination of leading product brands and applications expertise, backed by a legacy of innovation.

For more information on how Xylem can help you, go to www.xyleminc.com
